

Questions & Choices

Quest txt	Quest type	Choice txt
What is Oracle?	mcq	A database management system
What is Oracle?	mcq	A programming language
What is Oracle?	mcq	An operating system
What is Oracle?	mcq	A web browser
What is the primary language used for programming in Oracle?	mcq	Java
What is the primary language used for programming in Oracle?	mcq	Python
What is the primary language used for programming in Oracle?	mcq	SQL
What is the primary language used for programming in Oracle?	mcq	C++
Which of the following is a feature of Oracle database?	mcq	Concurrency control

Quest txt	Quest type	Choice txt
Which of the following is a feature of Oracle database?	mcq	Automatic memory management
Which of the following is a feature of Oracle database?	mcq	Data encryption
Which of the following is a feature of Oracle database?	mcq	All of the above
What does SQL stand for?	mcq	Structured Query Language
What does SQL stand for?	mcq	Sequential Query Language
What does SQL stand for?	mcq	Standard Query Language
What does SQL stand for?	mcq	System Query Language
Which of the following is NOT a type of Oracle database object?	mcq	Table
Which of the following is NOT a type of Oracle database object?	mcq	View
Which of the following is NOT a type of Oracle database object?	mcq	Index

Quest txt	Quest type	Choice txt
Which of the following is NOT a type of Oracle database object?	mcq	Procedure
What is the purpose of an Oracle index?	mcq	To store database records
What is the purpose of an Oracle index?	mcq	To improve query performance
What is the purpose of an Oracle index?	mcq	To enforce data integrity
What is the purpose of an Oracle index?	mcq	To create data backups
Which statement is used to insert data into an Oracle table?	mcq	UPDATE
Which statement is used to insert data into an Oracle table?	mcq	DELETE
Which statement is used to insert data into an Oracle table?	mcq	INSERT
Which statement is used to insert data into an Oracle table?	mcq	SELECT
What is the default isolation level in Oracle?	mcq	READ COMMITTED
What is the default isolation level in Oracle?	mcq	READ UNCOMMITTE D

Quest txt	Quest type	Choice txt
What is the default isolation level in Oracle?	mcq	REPEATABLE READ
What is the default isolation level in Oracle?	mcq	SERIALIZABLE
What is the maximum number of columns allowed in an Oracle table?	mcq	255
What is the maximum number of columns allowed in an Oracle table?	mcq	1000
What is the maximum number of columns allowed in an Oracle table?	mcq	4000
What is the maximum number of columns allowed in an Oracle table?	mcq	Unlimited
Which of the following is NOT a valid data type in Oracle?	mcq	VARCHAR2
Which of the following is NOT a valid data type in Oracle?	mcq	NUMBER

Quest txt	Quest type	Choice txt
Which of the following is NOT a valid data type in Oracle?	mcq	BOOLEAN
Which of the following is NOT a valid data type in Oracle?	mcq	DATE
What is the purpose of a foreign key in Oracle?	mcq	To uniquely identify a row in a table
What is the purpose of a foreign key in Oracle?	mcq	To define a relationship between two tables
What is the purpose of a foreign key in Oracle?	mcq	To enforce data integrity constraints
What is the purpose of a foreign key in Oracle?	mcq	To create an index for faster searching
Which command is used to create a new table in Oracle?	mcq	CREATE
Which command is used to create a new table in Oracle?	mcq	ALTER
Which command is used to create a new table in Oracle?	mcq	DROP
Which command is used to create a new table in Oracle?	mcq	TRUNCATE

Quest txt	Quest type	Choice txt
What is the purpose of the COMMIT statement in Oracle?	mcq	To save changes made to the database
What is the purpose of the COMMIT statement in Oracle?	mcq	To roll back a transaction
What is the purpose of the COMMIT statement in Oracle?	mcq	To delete records from a table
What is the purpose of the COMMIT statement in Oracle?	mcq	To update the schema definition
Which of the following is NOT a valid constraint in Oracle?	mcq	PRIMARY KEY
Which of the following is NOT a valid constraint in Oracle?	mcq	FOREIGN KEY
Which of the following is NOT a valid constraint in Oracle?	mcq	CHECK
Which of the following is NOT a valid constraint in Oracle?	mcq	INDEX
What is the purpose of the ROLLBACK statement in Oracle?	mcq	To save changes made to the database

Quest txt	Quest type	Choice txt
What is the purpose of the ROLLBACK statement in Oracle?	mcq	To roll back a transaction
What is the purpose of the ROLLBACK statement in Oracle?	mcq	To delete records from a table
What is the purpose of the ROLLBACK statement in Oracle?	mcq	To update the schema definition
Oracle is a relational database management system.	t/f	TRUE
Oracle is a relational database management system.	t/f	FALSE
Oracle supports transactional processing.	t/f	TRUE
Oracle supports transactional processing.	t/f	FALSE
Oracle can be used to build web applications.	t/f	TRUE
Oracle can be used to build web applications.	t/f	FALSE
Oracle provides built-in data encryption features.	t/f	TRUE

Quest txt	Quest type	Choice txt
Oracle provides built-in data encryption features.	t/f	FALSE
Oracle is an open-source database management system.	t/f	TRUE
Oracle is an open-source database management system.	t/f	FALSE
